Rely on Dignity® to support all levels of bladder weakness.

People of all ages may experience temporary or chronic bladder weakness resulting from a wide range of health issues. Whether it's treatment of an overactive bladder, a prostate condition, postpartum control, or a more complex issue, HARTMANN has been an innovative leader in the management of bladder weakness for a wide range of conditions.

Utilizing our unique fluid management technology, **Dignity®** disposable pads, inserts, liners and reusable underwear allow individuals to customize their care plan based on their needs. Clinicians and caregivers appreciate the customized options that make the delivery of healthcare services more cost effective and treatment, more efficient. **Dignity®** products allow users to have a more active lifestyle by ensuring superior leakage control and discrete wear, while focusing on hygiene and the reduction of skin irritation.

HARTMANN is committed to continual collaboration with the healthcare community to provide and customize the most effective incontinence products for people of all ages who deserve superior protection and comfort. We invite you to learn more about **Dignity® disposable pads, inserts, liners and reusable underwear** online at hartmanninfo.com or by calling Customer Service at **1-800-243-2294**.

Dignity® Stackables® And Dignity® Stackables® Long Barrier-Free Absorbent Pad for Light Protection

- Discreet pad for optimal protection of light incontinence
- Super absorbent polymers increase absorbency and neutralize odor
- Soft, cloth-like feel provides added comfort and secure adhesive strip ensures pad remains in place
- Use with Sir Dignity®, Lady Dignity®, Dignity® Reusable Pant, Dignity® Men's Boxer, or other incontinence product

Dignity® Regular-Duty Barrier-Free Absorbent Pad for Light Protection

- Super absorbent polymers increase absorbency, lock in fluid and neutralize odor
- Non-adhesive backing allows flexibility for use in a variety of incontinence products, including undergarments with built-in moisture-proof pockets that allow sliding product into place
- Use with Sir Dignity®, Lady Dignity®, Dignity® Reusable Pant, Dignity® Men's Boxer, or other incontinence product

Dignity® Super-Duty Barrier-Free Absorbent Pad for Light to Moderate Protection

- Maximum absorbency, barrier-free pad provides up to moderate protection
- Secure adhesive strip ensures pad remains in place, whether in a moisture-proof pouch or in waterproof pants
- Use with Sir Dignity®, Lady Dignity®, Dignity® Reusable Pant, Dignity® Men's Boxer, or other incontinence product

Dignity® Double-Duty Barrier-Free Absorbent Pad for Moderate Protection

- Double pad design for use as a layered, folded pad or to be cut into a single booster pad that enhances the absorbency of another incontinence product
- Non-adhesive backing allows flexibility for use in a variety of incontinence products, including undergarments with built-in moisture-proof pockets
- Use with Sir Dignity®, Lady Dignity®, Dignity® Reusable Pant, Dignity® Men's Boxer, or other incontinence product

Dignity® Doubler Barrier-Free Absorbent Insert for Moderate to Heavy Protection

- Anatomically contoured diamond-embossed mat provides moderate to heavy protection
- Excelsorb® III super absorbent core system wicks fluid away from the skin, deep into the super absorbent polymer layer, leaving skin exceptionally dry and free from irritation to protect from urinary and fecal incontinence
- Secure adhesive strip ensures insert remains in place when used as a booster pad or inside waterproof pants

Dignity® Thin Absorbent Pad for Light Protection

- Discreet design with moisture-proof outer barrier for optimal protection of light incontinence
- May be worn in any Dignity® pants, panties or boxer shorts, and in regular underwear

Dignity® Active Absorbent Pad for Light to Moderate Protection

- Higher absorbency design provides up to moderate incontinence protection
- Narrow width comfortably conforms to the body with less bulk, while elastic side gathers increase leakage protection
- May be worn in any Dignity® pants, panties or boxer shorts, and in regular underwear

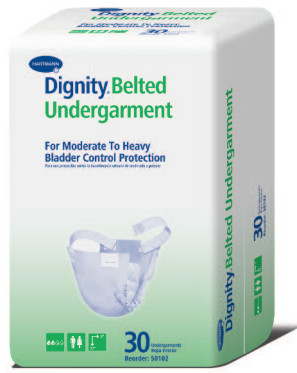

Dignity® Extra Absorbent Pad for Light to Moderate Protection

- Moisture-proof outer barrier with side walls increases protection and wide secure adhesive strip keeps pad comfortably in place
- Blue acquisition layer rapidly disperses fluid for increased dryness
- May be worn in any Dignity® pants, panties or boxer shorts, and in regular underwear

MoliMed® Premium Bladder Control Pads for Light to Heavy Protection

- Compact, contoured design ensures comfortable and discrete wear
- Innovative three-layer core neutralizes odors and maintains a skin-friendly environment, while providing quick acquisition speed and secure fluid retention
- Embossed WhiteDry Zone adds targeted protection by drawing fluid deep into the core for superior dryness near the skin
- Breathable topsheet and soft, textile backsheet for maximum air permeability
- Foam leg gathers and adhesive strip backing ensure secure fit and leakage protection without compromising comfort
- Available in ultra micro, micro light and micro for very light bladder control protection
- Available in mini, midi and maxi for moderate to heavy bladder control protection

Dignity® Belted Undergarment

For Moderate to Heavy Protection

- Excelsorb® III super absorbent core system wicks fluid away from the skin, deep into the super absorbent polymer layer, leaving skin exceptionally dry and free from irritation
- Highly absorbent blue acquisition layer rapidly disperses fluid for increased mat stability and dryness
- Quiet, cloth-like, moisture-proof shell provides discreet protection
- Reusable elastic belts keep absorbent mat securely in place, while increasing comfort of one-size-fits-all design
- May be worn alone under clothing, with Spartan® moisture-proof pants, mesh pants and in regular underwear

Dignity® Beltless Undergarment

For Heavy to Super Protection

- Excelsorb® III core wicks fluid away from the skin, deep into the super absorbent polymer layer, leaving skin exceptionally dry and free from irritation
- Highly absorbent blue acquisition layer rapidly disperses fluid for increased mat stability and dryness
- Full mat design with super absorbent polymers protects from urinary and fecal incontinence and neutralizes odor
- Secure adhesive strip ensures the undergarment remains comfortably in place, while elastic side gathers increase leakage protection
- May be worn with Spartan® moisture-proof pants and mesh pants

UltraShield® and UltraShield® Super packed in clear bags.

Dignity® UltraShield®, UltraShield® Active and UltraShield® Super Absorbent Liner for Light to Moderate Protection

- Absorbent shaped liner with moisture-proof outer barrier for optimal protection of light to moderate incontinence
- Hourglass shape of UltraShield® provides increased protection and secure adhesive strip holds the liner comfortably in place
- Fuller, anatomical cut of UltraShield® Super provides additional protection
- UltraShield® Active provides a cloth-like, moisture-proof barrier and elastic side gathers for optimal comfort and protection
- May be worn with Spartan® moisture-proof pants, mesh pants and in regular underwear

Packed in clear bags.

Dignity® MaxiShield®

Absorbent Liner for Moderate to Super Protection

- Excelsorb® III core system wicks fluid away from the skin, deep into the super absorbent polymer layer, leaving skin exceptionally dry and free from irritation
- Highly absorbent blue acquisition layer rapidly disperses fluid for increased mat stability and dryness
- Full mat design with super absorbent polymers protects from urinary and fecal incontinence and neutralizes odor
- Moisture-proof outer barrier offers a wetness indicator to gauge change intervals, while elastic side gathers increase leakage protection over time
- MaxiShield® liners provide a range of protection with regular, plus, and super absorbency for moderate to more severe incontinence
- May be worn with Spartan® moisture-proof pants, cotton snap pants and mesh pants

helps healing.
