

HOW TO ASSEMBLE YOUR

SHOWER COMMODE WITH SWING AWAY FOOTRESTS

Item # 8801

Capacity not to exceed 250 lb

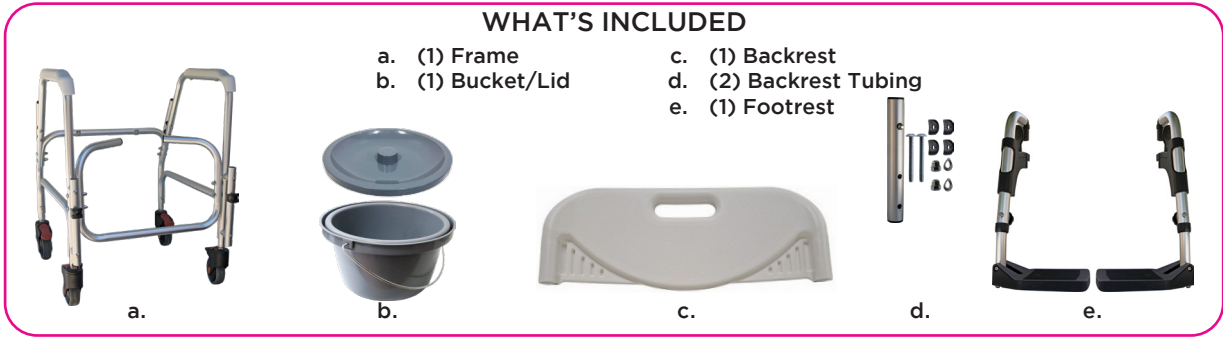

Assembles in Minutes

No Tools Required

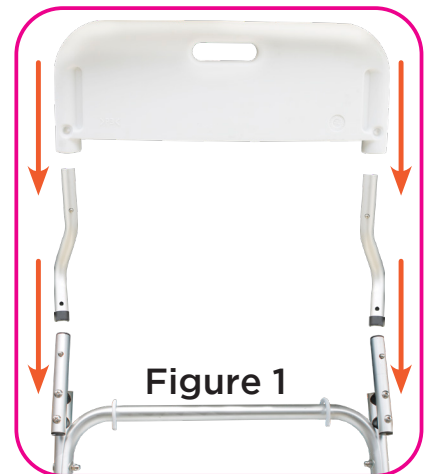

WHAT'S INCLUDED

- a. (1) Frame
- b. (1) Bucket/Lid
- c. (1) Backrest
- d. (2) Backrest Tubing
- e. (1) Footrest

1 Attach the two (2) backrest tubings (d) to the backrest (c) by guiding the tubing through the holes on each side of the plastic backrest (see Figure 1). Ensure each push button is fully engaged after hearing it “click” into place.

Attach the two (2) backrest tubings to the rear of the frame by guiding the tubing through the holes on each side of the plastic backrest (see Figure 1). Ensure each push button is fully engaged after hearing it “click” into place.

2 Attaching Footrest

First determine the left and right side by folding down the footplate and placing them in front of the seat. The footplates should be facing each other and directly in front of the seat.

To put on footrests: Place footrest onto the designated brackets towards the side (90 degrees from the front of the chair), swing the footrest towards the front until you hear it click into place (see Figure 2). Repeat on other side.

To take off footrests: Push the small black lever and allow the footrests to swing out 90 degrees, grab the top of the footrest and lift directly upwards to remove.

Figure 2

3 Turn the knob counterclockwise and remove with the washer and screw from the footrest. Slide the footplate up or down and align the holes together (see Figure 3).

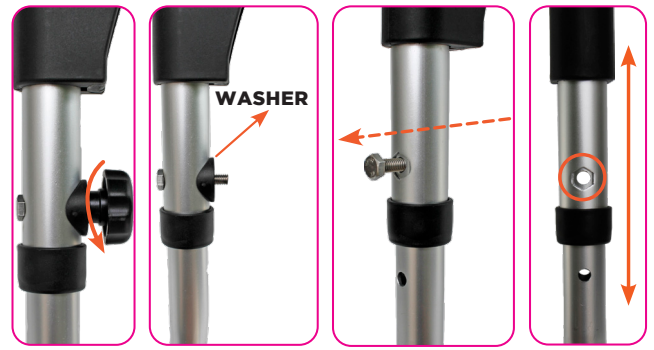

Figure 3

4 Once you have determined the correct height, insert the screw into the hex screw cut out on the front of the footrest. Ensure that the hex screw head fits into the hex cut-out on the frame. Insert the washer and the knob. Turn the knob clockwise and fully tighten (see Figure 4).

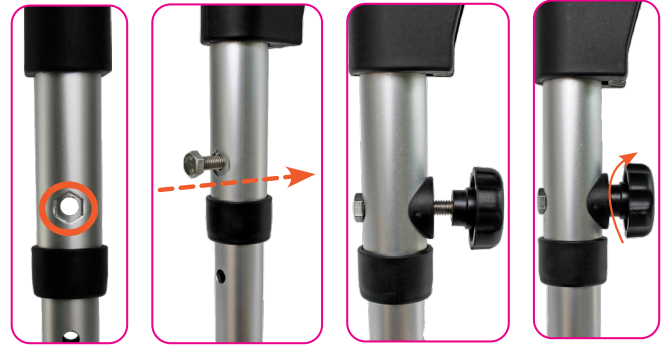

Figure 4

5 Before using the chair, lock all four (4) wheels by depressing the hanging end of the red lever above the wheel. Once the user is seated and stable, unlock the wheels by depressing the raised end of then red lever, and roll the commode to the desired location. (see Figure 5). **NOTE:** Be especially careful and do not move too quickly over any threshold, mat/carpet, or other uneven surfaces to avoid tipping the user forward.

1. Lock the wheels before the user seated in the chair attempts to stand up.
2. After use, remove the bucket, discard waste and sanitize.

WARNING

Read all instructions carefully and consult with a qualified professional before assembling to avoid possible injury. **NOVA Medical Products shall have no liability for any damage or injury resulting from improper assembly or misuse of this product.**

- Make sure the backrest is secure (push button locked completely into hole) before using
- **DO NOT** use if chair is damaged. Check frequently for cracks, damage, or looseness.
- Use on a level surface
- **DO NOT** stand on chair
- This product is rated for persons weighing up to **250 lb** when properly assembled.

HOW TO USE

Before sitting, lock the wheels by pushing down the red lever on all 4 wheels. When the user seated is stable, unlock the wheels by popping up the red lever and roll the commode to the desired location – be especially careful over any threshold, mat, or uneven surface to not tip the user forward by moving too quickly. When you have reached your location, lock the wheels again before the user attempts to stand up. Bucket with handle and lid are included and easily slides in and out from the rear of the seat or lift the seat up and lift the bucket out..

CARE AND MAINTENANCE

Use a mild detergent and warm water to clean. Dry with a soft cloth to avoid moisture build-up.
