

## Suggested Procedural Uses for Bovie Cauteries

### High Temperature Fine Tip Cauteries

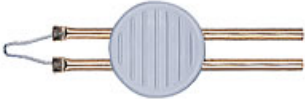

<p><b>Model</b></p>	<p><b>AA01, H101</b> (pictured)</p> 	
<p><b>Primary Use:</b></p>	<p><b>Pinpoint Haemostasis</b></p>	<p>Delicate, oculoplastic, dermal, and minor subcutaneous procedures.</p>
<p><b>By Specialty:</b></p>	<p><b>Cardiology</b></p>	<p>Carotid Endarterectomy, Valve Replacement, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation, Pacemaker Implantation.</p>
	<p><b>Neurosurgery</b></p>	<p>Craniotomy, Tumor Removal, Acoustic Neuroma, Peripheral Nerve Repair.</p>
	<p><b>OB/GYN</b></p>	<p>Abdominal Hysterectomy, Mastectomy, Vulvectomy, Perineal Lacerations, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Circumcision.</p>
	<p><b>Ophthalmology</b></p>	<p>Strabismus Surgery, Tumor and Cyst Removal, Enucleation, Keratectomy, Blepharoplasty, Dacryocystorhinostomy.</p>
	<p><b>Orthopaedics</b></p>	<p>Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures.</p>
	<p><b>Otolaryngology</b></p>	<p>Thyroidectomy, Tumor Removal, Sinus Surgery, Tracheostomy, Bepharoplasty, Carbuncle Surgery, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery.</p>
	<p><b>Plastic Surgery</b></p>	<p>Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Tendon Repair, Scar Revision, Lacerations, Hair Transplants, Burn Procedures</p>
	<p><b>Proctology</b></p>	<p>Hemorrhoidectomy</p>

## Suggested Procedural Uses for Bovie Cauteries

### Low Temperature Fine Tips

<b>Model</b>	<b>AA00, H100</b> (pictured) 	
<b>Primary Use:</b>	<b>Pinpoint Haemostasis</b>	Delicate, oculo-plastic, dermal, and minor subcutaneous procedures.
<b>By Specialty:</b>	<b>Neurosurgery</b>	Craniotomy, Peripheral Nerve Repair, Surgery on Aneurisms
	<b>Ophthalmology</b>	Cataract Extraction, Corneal Transplant, Repair of Burns and Lacerations, Strabismus Surgery, Tumor and Cyst Removal, Enucleation, Retinal Surgery, Keratectomy, Dacryocystorhinostomy
	<b>Plastic Surgery</b>	Tendon Repair

### High Temperature Loop Tips

<b>Model</b>	<b>AA03, H103</b> (pictured) 	
<b>Primary Use:</b>	<b>Haemostasis</b>	Hemostasis of small bleeding areas, incision and excision
<b>By Specialty:</b>	<b>Neurosurgery</b>	Tumor Removal
	<b>OB/GYN</b>	Incision and Drainage of Abscess, Removal of Vulvular Condyloma, Repair of Third Degree.
	<b>Ophthalmology</b>	Strabismus Surgery, Enucleation, Keratectomy.
	<b>Orthopaedics</b>	Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Bonelectomy.
	<b>Otolaryngology</b>	Thyroidectomy, Tumor Removal, Carbuncle Surgery, Parotid Gland Excision, Division of Scalenus Anticus Muscle.
	<b>Plastic Surgery</b>	Cleft Palate, Scar Revision, Lacerations, Hair Transplants, Burn Procedures.
	<b>Proctology</b>	Surgery on Rectal Condyloma.
	<b>Urology</b>	Proud Flesh and Veneral Wart Removal

## Suggested Procedural Uses for Bovie Cauteries

### High Temperature 2" Extended Loop Tips

<p><b>Model</b></p>	<p><b>AA05, H105</b> (pictured)</p> 	
<p><b>Primary Use:</b></p>	<p>Control of small bleeding areas in recessed or limited access places, skin lesion removal.</p>	
<p><b>By Specialty:</b></p>	<p><b>Cardiology</b></p>	<p>Valve Replacement, Ventricular Septal Defect (VSD), Aortic Aneurism, Tetralogy of Fallot, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation.</p>
	<p><b>Neurosurgery</b></p>	<p>Acoustic Neuroma, Laminectomy.</p>
	<p><b>OB/GYN</b></p>	<p>Cervical Polyp, Trachelorrhaphy, Abdominal Hysterectomy, Mastectomy, Tubal Ligation, Anterior and Posterior Repair of Vaginal Walls, Incisions and Drainage of Abscess, Removal of Vulvular Condyloma, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Laceration, Repair of Cystocele, Repair of Rectocele.</p>
	<p><b>Ophthalmology</b></p>	<p>Blepharoplasty, Dacryocystorhinostomy</p>
	<p><b>Orthopaedics</b></p>	<p>Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures</p>
	<p><b>Otolaryngology</b></p>	<p>Thyroidectomy, Nasal Polyps, Tumor Removal, Sinus Surgery, Control of Epistaxis, Tracheostomy, Blepharoplasty, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery, Foreign Body Removal.</p>
	<p><b>Plastic Surgery</b></p>	<p>Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Nasal Polyps, Burn Procedures.</p>
	<p><b>Proctology</b></p>	<p>Colon Resection, Rectum Resection, Rectal Condyloma</p>
	<p><b>Urology</b></p>	<p>Hydrolectomy</p>

## Suggested Procedural Uses for Bovie Cauteries

### High Temperature 5" Extended Loop Tips

<p><b>Model</b></p>	<p><b>AA09, H109</b> (pictured)</p> 	
<p><b>Primary Use:</b></p>	<p><b>Control of small bleeding areas, incision and excision. 5" tip for places requiring extended reach.</b></p>	
<p><b>By Specialty:</b></p>	<p><b>Cardiology</b></p>	<p>Valve Replacement, Ventricular Septal Defect (VSD), Aortic Aneurism, Tetralogy of Fallot, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation.</p>
	<p><b>Neurosurgery</b></p>	<p>Acoustic Neuroma, Laminectomy.</p>
	<p><b>OB/GYN</b></p>	<p>Cervical Polyp, Trachelorrhaphy, Abdominal Hysterectomy, Mastectomy, Tubal Ligation, Anterior and Posterior Repair of Vaginal Walls, Incisions and Drainage of Abscess, Removal of Vulvular Condyloma, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Laceration, Repair of Cystocele, Repair of Rectocele</p>
	<p><b>Ophthalmology</b></p>	<p>Blepharoplasty, Dacryocystorhinostomy</p>
	<p><b>Orthopaedics</b></p>	<p>Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures.</p>
	<p><b>Otolaryngology</b></p>	<p>Thyroidectomy, Nasal Polyps, Tumor Removal, Sinus Surgery, Control of Epistaxis, Tracheostomy, Blepharoplasty, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery, Foreign Body Removal.</p>
	<p><b>Plastic Surgery</b></p>	<p>Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Nasal Polyps, Burn Procedures.</p>
	<p><b>Proctology</b></p>	<p>Colon Resection, Rectum Resection, Rectal Condyloma.</p>
	<p><b>Urology</b></p>	<p>Hydrolectomy</p>

## Suggested Procedural Uses for Bovie Cauteries

### High Temperature 5" Extended Fine Tips

<b>Model</b>	<b>H112</b> (pictured) 	
<b>Primary Use:</b>	<b>Pinpoint Haemostasis</b>	Delicate, oculoplastic, dermal, and minor subcutaneous procedures. <b>5" tip</b> for places requiring <b>extended reach</b> .
<b>By Specialty:</b>	<b>Cardiology</b>	Carotid Endarterectomy, Valve Replacement, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation, Pacemaker Implantation.
	<b>OB/GYN</b>	Abdominal Hysterectomy, Mastectomy, Vulvectomy, Perineal Lacerations, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Circumcision.
	<b>Orthopaedics</b>	Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures.
	<b>Otolaryngology</b>	Tumor Removal, Sinus Surgery, Tracheostomy, Blepharoplasty, Carbuncle Surgery, Parotid Gland Excision, Radical Neck Dissection.
	<b>Plastic Surgery</b>	Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Tendon Repair, Scar Revision, Lacerations.

### High Temperature Vasectomy & Micro Vasectomy Tips

<b>Model</b>	<b>AA21, AA29, H121</b> (pictured) 	
<b>Primary Use:</b>	Destruction of the mucosa inside the vas deferens, sculpting of woven skin grafts.	
<b>By Specialty:</b>	<b>Urology</b>	Intravessicle Removal of Stones, Hydroelectomy, Vasectomy.
