

iWALK2.0

**Hate your crutches?
Limited by your knee scooter?**

The NEXT GENERATION of HANDS-FREE mobility is here!

Easily manage your daily activities, play with your kids, hold your baby, get up and down stairs, use public transit, work, exercise, or go shopping!

FEATURES

NEW & IMPROVED

SELF STABILIZING FOOT – Balance is easy, safe and intuitive. Rotates 180 degrees without tools for left or right leg use. Replaceable rubber grip treads.

QUICK ON / OFF STRAPS – On or off in seconds, comfortable woven straps with comfort padding. Intuitive, infinite adjustment.

EASY GRIP HANDLE – Makes learning even easier, allows short trips without strapping in.

ERGONOMIC KNEE PLATFORM – Contoured for all day comfort and enhanced stability. Exogrid construction for strength and stiffness.

ADJUSTABLE THIGH SUPPORTS – Easy tool free adjustment for both thigh size and vertical alignment
