Avalo[®] ACM Medication Cart

Avalo® AC Medication Cart

Smart, Secure & Simple

Capsa Healthcare brings its superior design expertise to the hospital market with the Avalo AC Medication Cart. This innovative product line features the latest design and serves as a platform for existing and emerging medication control technology.

Capsa has redefined medication cart security with a broad choice of lock systems including keyless entry with automatic relocking, mag stripe card access, keyless narcotic storage and cart user audit.

Best of all, AC Medication Carts offer huge capacity and intelligent solutions for medication management and organization.

AC Medication Cart Highlights & Options

- A** Internal pass-thru waste receptacle
- B** Optional expansive slide-out writing surface
- C** Magnetic stripe, proximity or bar code security for cart access
- D** Optional keyless access with auto-relocking
- E** Integrated and flexible drawer divider system
- F** Configurable medication storage (2 bin sizes & 3 drawer sizes)
- G** Full selection of convenience accessories & options
- H** Stable, trim-line footprint for simple maneuverability
- I** Choice of sealed lead acid or LiFe battery system

Cassette & Bin Options

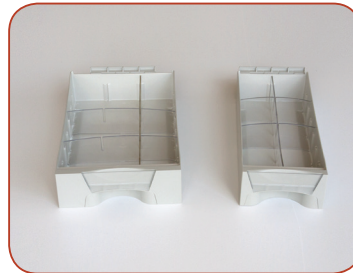

Designed with flexibility in mind, Capsa Healthcare's cassettes and bins give you a choice of 2 or 3 tier durable cassettes with the option of 5.5" or 8" bins.

2-Tier & 3-Tier Cassettes

The AC Medication Cart accommodates 2 & 3 tier cassettes to customize the storage configuration that best suits your requirements.

8" & 5.5" Bins

AC cassettes give you an option of 8" and 5.5" bins that offer a flexible divider system. Large bin lens permits protected and clear patient labeling.

Avalo® AC Medication Cart

Security Options

Capsa Healthcare has fitted AC Medication Carts with its proven and innovative automatic relocking system and the latest integrated medication cart security.

To further optimize security, add a secondary access requirement such as ID badge card, bar code or proximity reader.

Lock System Choices

AutoLock™

Automatically secures a motionless unlocked medication cart with a user-defined relock time delay from 1-99 minutes. AutoLock permits up to 5,000 individual user codes to further enhance cart access tracking and security. *See available security upgrades.*

Keyless Access with Manual Relocking

Simply enter a 4-digit access code, push down the lock lever and the cart is ready for access. To secure the medication cart, simply push in the lock lever. Clear visual indication of lock status is apparent from a distance.

Key Access with Manual Relocking

Featuring the Best® Core Removable Lock System, this basic yet proven lock system provides your medication cart advanced security and the flexibility to change keys simply and easily.

AutoLock™ Security Upgrades

Keyless Narcotics Storage

The optional keyless narcotics storage feature greatly augments security to further optimize control and accountability.

Secondary Access

Select from a bar code, mag stripe or proximity card reader to serve as the primary or secondary access requirement

Audit Tracking

Authorized users can track cart activity, including user access and relocking for over 2,000 events.
