

Guide to 3pp[®] Finger Splints Web Pages

Everything you need to know to about 3-Point Products Finger Splints can be found in the following web pages on our website (www.3pointproducts.com), including product details, testimonials, instructional videos, FAQ's, blog posts and where to buy information.

3pp[®] Buddy Loops[®]

www.3pointproducts.com/buddy-loop/

Secure, reusable finger protection without adhesives or rough edges.

Gel Tubes

www.3pointproducts.com/gel-tubes/

Thin, silicone tubes cushion fingers to relieve pain.

3pp[®] Finger Trapper[®]

www.3pointproducts.com/finger-trapper/

No more fingernail hooks, tape or glue. Use for post-op or dynamic splinting.

3pp[®] Final Flexion Wrap[®]

www.3pointproducts.com/final-flexion-wrap/

Easy-to-apply wrap restores end range IP joint flexion.

Polycentric Hinged Ulnar Deviation Splint[™]

www.3pointproducts.com/polycentric-hinged/

Reduces ulnar deviation caused by Rheumatoid Arthritis.

Radial Hinged Ulnar Deviation Splint

www.3pointproducts.com/radial-hinged-ulnar-deviation-splint/

Improve alignment of strongly-deviated fingers.

3pp[®] Step Up[™] Splint

www.3pointproducts.com/3pp-step-up-splint/

Provides adjustable tension to restore full IP extension.

3pp[®] Side Step[™] Splint

www.3pointproducts.com/3pp-side-step-splint/

Reduce lateral deviation at the DIP or PIP joints.

3pp[®] Step Down[™] Splint

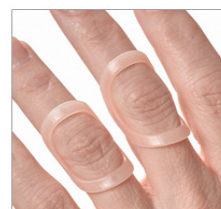

www.3pointproducts.com/3pp-step-down-splint/

Puts the wearer in control to restore IP flexion.

Oval-8[®] Finger Splints

www.3pointproducts.com/oval-8-finger-splint--copy-1/

Stabilize and align the small joints of the fingers affected by arthritis or injury.
