# HURRICAIN ONE®

Unit Dose Non-Aerosol Spray  
20% Benzocaine Oral Anesthetic

HurriCaine ONE® is the first and only unit dose topical anesthetic spray on the market. It incorporates the Company's proprietary HurriCaine® Topical Anesthetic in a unique aerosol-free unit dose package. HurriCaine ONE utilizes bar code medication administration (BCMA) to accommodate point-of-care scanning. HurriCaine ONE is available through major medical distributors.

**UNIT DOSE AND ONLY**

## EFFICACY

- Benzocaine is an effective topical anesthetic that has enjoyed widespread and long term use. - Federal Register
- FDA recognizes benzocaine as being safe and effective.
- According to Katon, Benzocaine is probably the agent of choice (for endoscopy) since its onset is rapid, its duration of action is short and there is virtually no systemic absorption.
- Trusted by medical and dental professionals for over 40 years.

## SAFETY

- Eliminates the risks of cross-contamination and over-applying
- Unit dose bar coding provides documentation of use and ensures the "5 Rights" are met:
  - ✓ Right Drug    ✓ Right Patient    ✓ Right Dose
  - ✓ Right Route    ✓ Right Time

## REDUCED LIABILITY

- Aids in the reduction of cost and liability from medication errors by facilitating scanning at all levels of inventory control at the bedside
- Virtually eliminates adverse events resulting from preventable medication errors

## INFECTION CONTROL

- Eliminates the potential for cross-contamination
- Individually sealed
- Single unit-of-use packaging

## CONVENIENCE / SIMPLICITY

- Ready to administer
- Easy to use
- 1 spray, 1 application

## PROFITABLE

- Enables unit dose to be billed directly to patient
- Increases billing accuracy
- Improves supply chain costs

## SUPPLY MANAGEMENT

- Enables automatic ordering
- Improves inventory control
- Increases pharmacy productivity
