- 500–4600 RPM orbital massaging action
- 12-foot power cord
- Requires 120 VAC Nominal Power Source

Available From:

LUXURIOUS MASSAGE

The Jeanie Rub Massager® with variable speed provides a deep, penetrating massage with the twist of a switch. Help reduce pain, muscle tension, and stiffness by adjusting massage intensity from a soft, gentle speed to a deep, invigorating speed. Treat yourself to the luxury of a full body massage without the recurring cost of a massage therapist.

The soothing, deep penetrating massage increases blood flow to assist in rejuvenation of sore, tired, or tense muscles. Adding the Jeanie Rub Massager to your pre-workout routine can help increase elasticity of the muscles to help prevent workout related injuries.

VARIABLE SPEEDS

This massager delivers an invigorating 500–4600 RPM orbital massaging action; lower speeds deliver a soothing massage while faster speeds are more invigorating. The orbital action of the Jeanie Rub provides a softer and deeper massage than vibrating or percussion type massagers. This product is built with a cast aluminum construction with a black powder coat finish that looks great and resists abrasions, ensuring years of use.

SPECIFICATIONS

Product Selection: Jeanie Rub®
Variable Speed Body Massager, Black
PRO-3401

Product Weight: 7 lbs

Dimensions: 10.25" x 8.25" x 4.625"
