

## ROLLATORS

# HYBRID LX ROLLATOR TRANSPORT CHAIR

The HybridLX is an innovative rollator that combines the function of a wheeled walker and a transport chair into one lightweight design. Keeping the patient's desire for independence and comfort in mind, the HybridLX is designed with secure handgrips, a comfortable and wide seat and backrest, and the effortless design to transition from a rollator to a transport chair.

### Features

- **Lightweight frame** – durable, aluminum frame weighs only 22 lbs (this includes footrests) making it easier for users to move about freely
- **Hybrid concept** – designed to be used primarily as a rollator while easily transforming into a transport chair with removable footrests (adjustable in length) when user needs a short rest
- **Ultra-Compact design** – easy to assemble without the need for tools and folds effortlessly for convenient transport and storage
- **Easy-to-use handbrakes** – allow for short and longer period braking when used as rollator and transport chair (user must be accompanied when using as a transport chair)
- Flexible, soft polyester backrest and 18" wide mesh seat with pull up strap for easy folding provides comfort for user
- Large 8" wheels for easy rolling indoor and outdoor on rough surfaces
- Complete with storage pouch for personal items
- Available in attractive, contemporary colors: Titanium and Majestic Blue
- Designed to meet the requirements of HCPCS Codes: E0143 + E0156
- Three (3) year limited warranty
