MYCO
MEDICAL
TheSharpChoice®

— Bringing Reliability, Innovation and Value to Healthcare®

Sam Kumar, President and CEO
MYCO Medical

MYCO Medical

MYCO Medical was founded in 1993 by President and CEO Sam Kumar. MYCO Medical is the sole US agent for several offshore medical device manufacturers. Our mission is to bring **Reliability, Innovation, and Value** to Healthcare.

Reliability. Reputable partner ensuring consistency, accuracy, and the highest levels of performance

Innovation. Bringing on novel technologies to improve performance, safety, and patient comfort

Value. Delivering high quality, cost effective medical devices with market understanding and guidance

Our Products

MYCO Medical offers a broad range of disposable and reusable medical devices including surgical blades, scalpels, and handles; safety systems for blade removal; blood collection and infusion sets; sutures and suture needles, procedure needles, hypodermic needles, and insulin syringes. All MYCO Medical products are market cleared by the 510K process and are manufactured in ISO certified facilities.

Our Markets

MYCO Medical products are distributed through a network of over 300 regional and national distributors covering the United States, Canada, and Puerto Rico. MYCO Medical products are utilized in the physician, hospital, dental, veterinary, and podiatry markets. For the hospital market, MYCO Medical has contracts with several of the major acute care GPOs.

Our Customer Service

Customer service is a core value to MYCO Medical. We differentiate ourselves from our competitors by our ability to quickly, effectively respond to all of our customer inquiries. Whether you have a question about our products, your order, or future offerings from MYCO Medical, our priority is ensuring that your questions are addressed in a timely and accurate manner.

Our Diversity Status

MYCO Medical is certified as a Minority Owned Small Business through the Carolinas Minority Supplier Development Council (CMSDC) and the US Small Business Association (SBA).

— Bringing Reliability, Innovation and Value to Healthcare®

Reli™ Double Needle Sets—Sterile

- Computerized grinding** ensures sharp, consistent, high quality needles
- Large, clear hubs** provide enhanced tactile feel and easier detection of CSF or other fluids for proper placement
- Color coded hubs** for easy gauge identification
- Exact fit** between stylet and cannula bevel
- Sets have extended hubs** which fit together for improved convenience and ease

Reli™ Double Needle Set (10 sets/box, 4 boxes/case)—Sterile
