SPACE EFFICIENT, SOLID STEEL CONSTRUCTION

The footprint of the TRUE Stretch® is 87" H x 48" W 57" D (221 cm x 122 cm x 145 cm) which protects your valuable floor space and adds considerable value to any exercise routine. The **TRUE Stretch® PRO** has a slightly taller footprint of 94" H x 48" W 57" D (239 cm x 122 cm x 145 cm). Like all TRUE® equipment, the TRUE Stretch® is built to endure the rigors of daily heavy usage. Constructed from tubular steel for strength, it is protected by a charcoal powder coat finish and covered by a one (1) year parts warranty.

PLACARDS - Easy-To-Follow Stretching Regimen

Choose between a **STANDARD** or **GOLF** placard. Displayed on the frame, this full color illustrated card is organized by muscle groups that features 30 different stretching exercises all which are designed to mimic real-life, real world stretches. TRUE Stretch® effectively stretches the body in all three planes of motion (front to back, side to side, and rotational) while keeping the user in natural upright positions with four points of contact (both hands and both feet) for proper body alignment, stability and safety.

STANDARD: Full color illustrated display organized by muscle groups that feature 30 different stretching exercises all which are designed to mimic real-life, real world stretches.

TRUE STRETCH GOLF: Preferred choice among golf professionals. The TRUE Stretch® features a solid, scientific design that helps golfers increase flexibility and minimize injury through simple and safe stretching exercises. The TRUE Stretch® is featured in 40% of the Top 100 golf courses in the United States.
